My Dear Sir:—I had the honor to-day to receive your acceptable letter of the leth instant, in which you express in writing, agreeably to my request, the opinion you gave me verbally, during your visit to me on the 12th, in regard to the expediency and legality of the decrees issued by the President of the Maxican Kepublic, on the 8th of November, 1865, prolonging his Presidential term till a new election can take place.

Ortega as unpatriotic and seditious.

It is a fact that no authorized voice in Mexico has been raised against decrees, and it is now more than a year since they were issued. No military chieftain has regarded them as unconstitutional; only a few discontented fugitives from the country in the time of foreign war, and residing in the United States, support Gen. Ortega's protonsions.
